

ABC Food Law Online Plus

User Guide

How to log on

Go to www.abcfoodlaw.co.uk

Click on the “login” logo

The screenshot shows the ABC Food Law website. At the top, there is a green navigation bar with the following links: For Business, For Enforcement Officers, News, About Us, Online Training, and Contact us. On the right side of this bar is a 'Login' button with a user icon. A blue arrow points from the text 'Click on the “login” logo' to this icon. Below the navigation bar, the main content area has a light green background. It starts with the heading 'Welcome to ABC Food Law' and a sub-heading 'ABC Food Law is a niche firm of food consultants specialising in the training of food law.' This is followed by two paragraphs of text describing the online training services. A green banner below the text announces the 'Next Live Webinar: Remedial Action Notices → Monday October 14th at 10:00'. At the bottom, there are three image-based buttons: 'Online Training' (showing a woman at a laptop), 'Webinar Service' (showing a man on a headset), and 'Contact Us' (showing a hand pointing at digital icons).

Welcome to ABC Food Law

ABC Food Law is a niche firm of food consultants specialising in the training of food law.

All of our training is provided online using both traditional text-based online courses and webinars. We regularly broadcast live webinars on food law and related topics and record these to allow our subscribers to access a library of “on-demand” webinars at a time that is most convenient to them.

A subscription to ABC Food Law Online PLUS provides access to all of the training and reference materials for a complete CPD solution.

New online [service for food businesses](#) now available.

Approved establishments - England

Module 2 - Approval process

Aim

The aim of this module is to provide delegates with an understanding of the main features of the approval process.

Objectives

On completion of this module, delegates will be able to:

- Recognise the main objectives of the approval of food establishments.
- Describe the approval process
- Appreciate the appropriate use of conditional approvals
- Undertake an assessment of an establishment for the purposes of approval
- Compile and retain the relevant documentation relating to approved establishments.

Dairy products Section 4 - Homogenisation

Training Section 4 of 8

There are a number of product defects which may be caused by the improper use of homogenisers by food business operators for example:

[Off taints](#)

[Precipitation](#)

It is also important for the food officer to recognise the food safety implications regarding the [siting](#) and use of homogenisers, particularly in on-farm and small dairies.

Module 2 - Dairy technology Quiz

Instructions:

Each quiz consists of a number of multiple-choice questions. Simply select your answer to each question, and click the 'How did I do?' button at the end of the quiz. You will then be shown your results for each question, along with a final score for the whole quiz. You can take as long as you require to answer the questions and will be given the opportunity to retake the quiz if you are unsuccessful.

You will only be able to claim your CPD certificate on successful completion of the test and remember to type in the number of hours spent.
